

Map & Directions to Aurum's Rustenburg Research Centre

Getting to RTB from Joburg or Pretoria

Get onto the N1 North, go past Pretoria towards Polokwane. Turn left onto N4 Toll road ("Bakwena Platinum Highway"), drive 105km, including through 3 tollgates (about R30 in total), then take the "R24 Rustenburg Krugersdorp" offramp and turn right at the robot. Go along the R24 through another 3 robots and yield left into Nelson Mandela Drive (unfortunately not well sign-posted but note that it is at the intersection where there is an Engen on the right – not the Shell garage which comes earlier). Then follow the map and directions below.

Getting to Aurum's Research Centre in RTB

Enter RTB on Nelson Mandela Drive and turn right at the Municipal buildings into Beyers Naude Str Take first Left into Pretorius Street and go 1 block: the building is now across the road from you on the right-hand corner of Pretorius and Steen streets, i.e. **No. 50 Steen Street**.

Parking: Limited secure parking by prior arrangement behind the building (driveway off Pretorius Street); plenty of street parking.

Lab is on the ground floor along the Pretorius Street side.

Reception, Clinic, Offices and Training rooms are on the 1st floor. **Tel: 014 592 2480**
