Description

Conel Foldable Bag

Material: 190T Polyester

Size: 38cm x 41cm

Branding Options: Screen Print

The Conel Foldable Bag is an easy-to-store reusable shopper bag, a great eco-conscious alternative compared to single-use shopper bags! Made from 190T polyester, the bag has one large main compartment, long carry straps, stitched finish and an elastic folding bag that allows you to roll the bag up for compact storage when not in use. Store the bag in your car, handbag, or backpack and never pay for another shopping bag again! Available in a range of bright colours.
