## Description

The new age of Diabetes management combining the highest Accuracy & Ease of use for convenient glucose testing and diabetes management.

### Important Features:

- Includes meter, strips, lancets, lancing device, user manuals, logbook & storage case
- Easy to use system with Impressive Accuracy, exceeding industry standards
- Second Chance Sampling: allows you to add more blood to the same test strip, if the first sample of blood was not enough resulting in no strip wastage
- Sip in technology: allows for easy application of blood sample, the strip will sip sample in when touched to the tip of the strip
- No set up required: meter is preset with time, date and ranges for out of the box testing convenience
- Large display and onboard memory storing your glucose readings
- Meal markers, average readings & alerts can be accessed for your customization
- Works with the Contour Plus glucose test strips Only
