## Description

The Dixter Sanitiser Spray Pen is a nifty pocket-sized sanitiser with a convenient spray nozzle for easy application. Made from plastic, the dual function tool has a blue ink pen on one side with a removable protective cap and a sanitiser spray nozzle on the other end. The clear barrel can be filled with 10ml of liquid sanitiser and then used on your hands, mobile devices or keyboard to get rid of germs after use.

PLEASE NOTE: order minimum of 20 units or more.
